

Health and Safety Statement

One of our main responsibilities is to provide a safe and healthy working environment and for the protection of our personnel, engineers and Clients we are committed to continuous improvement of our safety record.

Cinque will ensure that the necessary resources are made available and to achieve our objectives (listed below), we will monitor and inspect all places of works, review and report on safety performance and audit the implementation of Health & Safety standards, policies and procedures.

We will ensure that our Safety Management System:

- Organises and plans for Health and Safety effectively
- Provides and maintains safe places of work and systems
- Trains personnel to ensure competency in performing their duties
- Assesses all risks which could arise from our activities and either eliminates them or reduces them to acceptable levels
- Achieves minimum compliance with all relevant UK and other Health and Safety Legislation that may be applicable to our operations
- Monitors incident control measures and accident reporting
- Complies with statutory duties and COSHH (control of substances hazardous to health) requirements
- Obtains the same commitment from our sub-contractors

Each individual within Cinque Limited has a responsibility for their own safety and the safety of others.

Our policy is revised on an annual basis and is kept under constant review.

Terry Grey
Director
